## **ECEN 620**

### **Homework #5**

Due: 11-16-2023, 11:59PM

**Homeworks will not be received after due.**

Instructor: Sam Palermo

### **Project Preliminary Report**

Submit a progress report that includes the following required sections.

1. Motivation and Project Overview
2. Literature Survey
3. Proposed Architecture
  - a. This can change for the final report
4. Initial Simulation Results
5. Plan of Work
  - a. A description of what will be completed for the final report

**Only one version of the preliminary report should be turned in per team via Canvas. Each team member should turn in the same preliminary report with all team member names on the report.**

Also, as described in the project description, acceptable team sizes range from 1-3 persons. It's fine to do a project by yourself.
